# Benchmarks and Performance Data – CAMHS Eating Disorders

National Benchmark: The Access and Waiting Time Standard for Children and Young People with Eating Disorders states that National Institute for Health and Care Excellence (NICE)-concordant treatment should start within a maximum of 4 weeks from first contact with a designated healthcare professional for routine cases and within 1 week for urgent cases

TO NOTE: there are data quality issues with the reporting on urgent waits. The data suggests that we are running at approx. 75% compliance which is not a true measure. We are working internally and with Commissioners to correct this issue. In the interim, it would not be appropriate to present this for scrutiny.
