CYP/30/24 Monitoring of Recommendations - Scrutiny Review of Narrowing the Gap in Educational Attainment

The Select Committee received an action plan in respect of recommendation 1 – Improve Attendance.

A lead had been identified for each recommendation and the lead officer for this recommendation attended the meeting and outlined the proposed actions which included:

- Identify what attendance training is currently in place across teams in Education Inclusion and Achievement
- Identify where the gaps are for the Local Authority officers and school leaders
- Appraise overall, persistent and severe absence data to identify patterns and trends
- Split the Attendance Network Meetings into separate primary and secondary meetings
- Publish a dossier of successful strategies gained from the Attendance Networks for school leaders
- Refresh the Local Authority Attendance Strategy across all teams

- Attendance at team meetings across the wider children's services to raise awareness of the support first as everyone business theme from "Working Together to Improve Attendance" DfE Statutory Guidance August 2024
- Attendance Self Evaluation Toolkit promotion at Education Matters and Secondary Heads meetings
- Attendance Network promotion

AGREED that the actions for recommendation 1 be approved.

CYP/31/24 Scrutiny Review of Holidays are Fun (HAF)

The Select Committee received a presentation from Children's Services, Public Health and Catalyst covering:

- The HAF Team
- The programmes and eligibility
- Who is participating and how can we maximise attendance?
- Target groups
- Barriers
- How the programme is promoted?
- Early years/ schools and education settings
- Impact and Feedback
- Booking system improvements
- Links with the Council Plan
- Creating opportunities for our future workforce
- Working with families outside the programme
- The reach of the programme

Key issues highlighted and discussed were as follows:

- There were eligible children in all wards
- Ingleby Town Council ran a summer holiday scheme and there was potential to link up with the HAF programme to expand provision in Ingleby Barwick
- With regard to some of the cooking provision, it was highlighted that Morrisons had previously offered slow cookers at reduced prices, and it might be worth approaching them again for support
- The team worked closely with schools, attending parents' evenings and schools were provided with electronic promotional packs as well as hard copy resources
- Catalyst had a three-year contract with the Council (ending on 28 February 2025). Their role was to manage providers of the programme. There were currently 31 active providers (43 had offered provision over the three year period). Only 10% of the grant could be spent on administration and the Select Committee requested a breakdown of how the administration element had been spent
- Catalyst visited every provider at least once a year for quality assurance purposes. However, feedback from the children and young people themselves was critical
- Youth United Stockton was working to build reach across partners and the programme was promoted through the Catalyst e-bulletin and the various forums and networks

- SEND was an area of low take up and was being addressed with bespoke sessions and training and awareness
- It was suggested that a comparison with other Council's HAF provision should be carried out as part of the review to understand if other Council areas had achieved a greater reach and what learning could be applied
- Promotional literature had to follow the Council's marketing guidelines which had proved to be restrictive. Having a dedicated social media channel would provide better profile but was also against the Council's guidelines
- Members commented that the orange text used on the promotional literature as difficult to read
- It was an aspiration for schools to be a primary delivery partner and innovative approaches were being developed to remove practical and logistical barriers such as employing key holders to take responsibility for premises and some staff might be interested in taking on extra hours
- Following feedback from parents regarding the booking system, added search features now included age, nature of activity, provider name, location and date
- The Council was looking to develop a work experience programme with the Careers Team to create opportunities for young people aged 13 plus to participate in paid employment
- Providers understood the importance of linking and referring families into other agencies for support outside of HAF where needed

The next meeting of the Select Committee would be an informal session and would provide an opportunity to:

- Provide an overview of the HAF programme and the opportunity to thank everyone involved over the last three years
- Premiere the HAF Film
- Hear from organisations who have delivered activity as part of the HAF programme - examples of best practice, successes, challenges and lessons learnt
- Hear from young people who have benefited from the programme
- Facilitated discussions and opportunities to network

AGREED that the presentation be noted and the request for additional information be actioned.

CYP/32/24 Chair's Update and Select Committee Work Programme

The Chair pointed out that the next meeting would be an informal session held at Billingham Forum.

AGREED that the work programme be noted.

Scrutiny Review Narrowing the Gap of Educational Attainment – Appreciative Inquiry Recommendations Action Plan

Recommendation Lead: Amit Law

Recommendation: Strengthening Transition Arrangements.

Accountability: CYP Committee Meeting dates: 12.02.2025

This plan is linked to Priority one in the Council’s Plan: The best start in life to achieve big ambitions.

- Giving children and young people the best possible start, in an inclusive community where everyone can thrive.
- A safe community for all children and young people.
- Preventing children and families from experiencing the impact of poverty and taking a targeted approach to reduce the number of children in poverty.
- Support children in our care.
- A bright future and sense of belonging.

Overview:

Four ‘stages’ of Transitions have been identified to track the process of a young person throughout the education system. The first is from Early Years to Primary School, the second from Primary to Secondary School. These focus in the first two stages is on the change in social setting for the young persons, how this change can be planned with care and clarity to ensure that the adjustment for students is as seamless as possible. The third stage targets the development of students into the assessment stage of their education as select qualifications towards the end of Year 9 and progress to examinations in Year 10 and 11. The fourth stage is the Transitions from Secondary School to Post-16 settings. Whilst the social aspect of these stages remains a focus, here an aspect of planning for future qualifications and employment is introduced, to ensure that a holistic attempt to prepare young people for adulthood is being undertaken.

General

<p>Strategic plan internally – Powering our future:</p> <ol style="list-style-type: none"> 1. Review the current picture of Transitions at each identified stage, identifying both positives and negatives. 2. Create an internal Transitions function that provides clarity in advance for young people and staff. 3. Track Children from 14 years old applying a person-centred plan at key stages of the transitions process. 4. Review health needs. A Young Person’s Care and Health Lead role has been created at SBC to track and respond to any potential health needs. The postholder will be a qualified Nurse identifying health needs early within education and social care. 5. Develop independent travel training program. In line with the aim to promote independence for young 	<ol style="list-style-type: none"> 1 – Establish what is a successful and where there is weakness in our current Transitions procedures. Seamless transitions into new settings for children with health needs. 5- Increase from current levels in independent travel. 6- Holistic Transitions planning process that encompasses commissioning, housing, education, independence support etc. In addition, improved appreciation of when ICB / Health funding would be appropriate. 	<p>Amit Law, Luke McGurn, Angela Connors</p>	<p>Present to Powering our future Board April 2025</p>

Hi All,

I would like to thank you all for your dedication and support, making the HAF service run as smooth as possible. Last night's Celebration Event mirrors the commitment, dedication and support all providers offer to our young people which is amazing across Stockton Borough. To listen to the appreciation of some of the young people on how much they enjoyed the HAF service, identifies how much this service is needed to continue, which only time will tell on the decision and the future of HAF. Five Lamps would personally like to thank you for your appreciation and nominations of our awards which we are overwhelmed how much our work and delivery has been recognised. May we continue to improve and hopefully finger crossed take HAF to another level. Once again thank you to you all for your amazing support.

Thank you,

Darren
