

02 EXISTING & PROPOSED ELEVATIONS
SCALE 1:100 @ A2

03 EXISTING & PROPOSED FLOOR PLANS
SCALE 1:50 @ A2

- NEW EXTRACTION FLUE COWL POSITION**
- The applicant has removed the former 500mm wide vertical cowl and tubing and replaced with a 250mm wide tubing and non-rain beak cowl positioned horizontally towards No. 14 Leven Road blank brick elevation.
 - Flue is now visibly concealed by existing parapet walls to the front and rear to avoid any visual impact
 - Carbon filters have been installed within the extraction canopy and cleaned on a regular basis to avoid any odour issues.

Proposed Ground Floor Plan (No. 16 & 16A)
Scale 1:50
