

COUNCIL MEETING – 20 SEPTEMBER 2023 MEMBER QUESTION TIME

The following question has been submitted by Councillor Niall Innes for response by the Cabinet Member for Regeneration and Housing:-

“It is apparent that this Council have allowed excessive planning applications to cause havoc for the resident's borough, especially in my Ward of Hartburn. What assurances can be provided that the huge number of residents who have submitted objections to the proposed 700 houses in Wynyard will be listened to by this council?”
