

AGENDA ITEM

REPORT TO CABINET

OCTOBER 2023

**REPORT OF SENIOR
MANAGEMENT TEAM**

CABINET DECISION

Children and Young People – Lead Cabinet Member – Councillor Lisa Evans

SCHOOL PERFORMANCE – 2022-2023

SUMMARY

This report presents a summary of provisional headline performance data for the academic year 2022-2023 in all Key Stages for all providers across the Borough.

Primary schools continue to perform well. 93% of schools are good or better (including previous judgements of schools not inspected since academy conversion). This is in line with the average for the region and above average for England. This reflects the sustained impact of the work of the Education Improvement Service in monitoring, challenging, intervening and supporting the sector.

Although outcomes have not yet returned to pre-pandemic levels, outcomes for Stockton-on-Tees pupils in the primary sector are above provisional national average for 2023 on every measure.

Secondary outcomes are returning to the 2019 figures and are above 2023 national averages in all areas. This is also the first time no allowances were made in the results since 2019. These results have been self-reported by the schools and academies themselves.

Post-16 outcomes continue to perform well and pass rates are again The area where they are not above national averages is in the top scores (A* and A) which reflects the regional picture.

Many schools in the Borough have seen much higher than usual numbers of pupils joining the school during the 2022-23 academic year, often from other countries. For example, there have been 197 transfer requests for new arrivals from Nigeria alone. In some schools, new arrivals have had a significant impact on performance outcomes as pupils have not learned the English curriculum.

RECOMMENDATIONS

1. Cabinet to note and comment as appropriate on standards and achievements across the Borough.
2. Cabinet to note the strong overall performance of Stockton-on-Tees schools at both primary and secondary phases.

DETAIL

PRIMARY PHASE

1. Early Years Foundation Stage
A revised framework for the EYFS became statutory in September 2021. This included new educational programmes and new early learning goals (ELGs). As a result, 2022 outcomes

were not directly comparable to pre-pandemic outcomes. 2022-23 has been a period of embedding changes to the curriculum.

69.7% of children achieved a Good Level of Development (GLD) in 2023. This is an increase of 1.6% in comparison with 2022 and 2.5% above the provisional national average (67.2%). Given the disruption to education for these children during their early years, and the changes to expectations, this is a positive outcome. Staff retention and absence has continued to impact on take-up of advice, support and training, but to a lesser degree than in the previous academic year. The focus on improving outcomes in communication and language continues across the sector and has had additional resource in the last academic year. **(Appendix 1)**

2. Phonics

The proportion of Year 1 children meeting the standard in the phonics screening check was 81.2%. This represents a 3.5% improvement in comparison with 2022, but is still 2.4% below the 2019 outcome. Early indications are that the outcome will remain above the national average. **(Appendix 2)**.

3. Key Stage 1

Pupils reaching the end of KS1 in 2023 were in Nursery at the start of the pandemic, meaning that many had a severely disrupted start to their education. Although outcomes in 2023 remain considerably lower than they were in 2019, comparisons with national outcomes show that the LA continues to meet or exceed the provisional national average in all subject areas, at both the expected standard and at greater depth. **(Appendix 3)**

4. Key Stage 2

In comparison with provisional national averages, Stockton-on-Tees schools continue to perform well. Changes to outcomes largely mirror those seen nationally. The focus on improving standards in writing led to a 2.1% improvement in comparison with 2022, but there is still some way to go to close the gap with 2019. The 2022 reading test paper drew significant attention nationally; the decline in standards in Stockton mirrors that seen nationally. Nevertheless, there will be a continued focus on raising aspirations for all, and particularly on ensuring that schools are doing all they can to promote high standards in reading and writing.. **(Appendix 4)**

Progress measures for 2023 will not be available until December 2023. This is due to a change in the way these measures are calculated.

SECONDARY PHASE

5. Key Stage 4

Since 2018 almost all GCSEs are graded 9 (highest) to 1(lowest); a grade 4 is a standard pass (broadly equivalent to a C), grade 5 is a strong pass (B/C grade) and grade 7 broadly equivalent to an A.

6. Stockton-on-Tees secondary schools overall have shown a very strong performance and are largely better than in 2019 (8 out of 13 schools) with the remaining mostly catching up to that figure.

7. Stockton-on-Tees outcomes expected to be above 2023 national averages.

8. Within Stockton-on-Tees's secondary schools outcomes are as follows:

- Performance continues to be strong and improving further in many schools.
- Those with the highest attainment at the pass rate and above the LA average are All Saints Academy, Conyers, Egglecliffe, Grangefield, Ingleby Manor Free School and Northshore. (5+ in English and Maths)

- Of particular note are All Saints, Conyers and Eggescliffe who not only improved on their 2019 (pre-pandemic result) but also improved on the 2022 result. (4+ English and Maths) and Al Saints who achieved the same increase at 5+ English and Maths.
- Two schools did not achieve well and these are in line with recent Ofsted and local context. These are both MAT schools and will be picked up by their relevant bodies.

Post- 16

9. Based on 2019 to 2023 data across Stockton-on-Tees there is a near return to 2019 results
10. All figures for A*-E are 95% plus.
11. Conyers and Eggescliffe continue to perform highly, as expected, with 45.9% and 51.8% A*-B respectively though this is still below the national average of 53.5%. All settings are however well above the projected regional average of 22%.
12. There are significant improvements from SSFC and SRC compared to 2019 for A*-E – both have improved on 2019 and last year.
13. There is also an improvement trend for performance of Technical Level 3 qualifications. Conyers improved from an average of Merit last year to Distinction this year.

COMMUNITY IMPACT IMPLICATIONS

14. This report is for information only; its contents cover the outcomes at the end of each key stage for the whole of Stockton-on-Tees's pupils.

FINANCIAL IMPLICATIONS

15. There are no financial implications to the report.

LEGAL IMPLICATIONS

16. There are no legal implications to the report.

RISK ASSESSMENT

17. Educational attainment is categorised as low to medium risk. Existing management systems and daily routine activities are sufficient to control and reduce risk.

COUNCIL PLAN POLICY PRINCIPLES AND PRIORITIES

18. This report responds to the Policy Principles in the Council Plan:
 - Protecting the vulnerable through targeted intervention
 - Developing strong and healthy communities
 - Creating economic prosperity.

CORPORATE PARENTING IMPLICATIONS

19. The details of the performance of Looked After Children will be reported to Cabinet in December when the detailed data is available.

CONSULTATION INCLUDING WARD/COUNCILLORS

20. There has been no consultation as this report is for information only.
