

- Scale Bar (m)
- N
- Site boundary
 - Existing grassland
The areas of existing grass that gets damaged needs to be reinstated to original condition
 - Existing hedge
 - Existing hedges to be removed
 - Proposed planting
Proposed planting species and specification indicated on drawing for planting purposes.
Contractor to leave topsoil ready for the council/museum to do the final planting
 - Proposed ornamental tall grasses
Proposed planting species and specification indicated on 7000 drawings for planting purposes.
Contractor to leave topsoil ready for the council/museum to do the final planting
 - Proposed grass seed
Gr_45_30_45_26
 - Proposed hedge
Proposed planting species and specification indicated on drawing for planting purposes.
Contractor to leave topsoil ready for the council/museum to do the final planting
 - Proposed concrete block type 2
PC_26_30_30_17 A
 - Proposed concrete block type 3
PC_26_30_30_17 B
 - Proposed concrete block type 4 for paving banding and edging
PC_26_30_30_17 C
Concrete blocks to be placed as soldier course on a concrete foundation to form the edge
 - Proposed vehicular tarmac
To engineers specification
 - Proposed pedestrian tarmac
To engineers specification
 - Existing tarmac
The areas of existing tarmac that gets damaged needs to be made good
 - Existing cobblestone
 - Existing timber knee rail fence on south car park
 - Proposed permeable 200mm white stone chip to south car park bays
