| Achieved since last<br>meeting                        | <ul> <li>At the March meeting, the Committee received a presentation on the Planning regulations regarding unauthorised roadside advertising, outlining: <ul> <li>Adverts excluded from direct control</li> <li>Adverts with deemed consent</li> <li>Adverts which required express consent of the Local Authority</li> </ul> </li> <li>The Committee considered the summary of evidence received at the April meeting, which included information from the Officer Traffic Group, Teesside &amp; District Society for the Blind, and Guide Dogs for the Blind Association. The Committee noted the low numbers reporting issues to the Council and that there were no trends in accidents relating to advertising. They were satisfied that due to the new powers from the ASB &amp; Policing Act to deal with unauthorised roadside advertising and a clearer planning position, mechanisms were in place deal with any issues. The recommendations therefore focus on strengthen both the information on the website and reporting systems.</li> </ul> A final tripartite was held following the meeting to discuss the recommendations and the draft final report will be presented to the Committee in May 2024, with a view to present it to Cabinet in June. |  |
