The grounds of the representation is based on the following:

(Please continue on a separate sheet if necessary)

The Environmental Health Unit are of the opinion that the steps outlined in the operating schedule are inadequate to prevent public nuisance.

There will be a greater likelihood of public nuisance associated with entertainment noise, and noise from clients leaving the premises as a result of the proposed extension to opening times.

The Environmental Health Unit does not feel that there are conditions that will prevent further public nuisance issues from this application.

For additional information, Environmental Health currently has a pending investigation into the current noise disturbances from this premises and it is not thought appropriate to extend the hours even by 4 nights as management cannot currently control the alleged disturbances.
